The Honorable J. Dennis Hastert
Speaker
United States House of Representatives
Washington, DC 20515

Dear Mr. Speaker:

The Office of Government Ethics is pleased to submit for introduction and referral to the appropriate committee the enclosed proposal "To amend the Ethics in Government Act of 1978 (5 U.S.C. App.) to modernize the financial disclosure process for Federal personnel, and for other purposes."

This proposal contains language that will streamline and simplify the public financial disclosure requirements applicable to senior officials of all three branches of the Federal Government. A public financial disclosure system for these officials has been in effect for almost 25 years. It has worked well but, like many processes, the system is in need of updating to ensure its continued effectiveness in light of practical experience and application. These proposed amendments will serve to encourage qualified citizens to answer the call to public service but will not sacrifice the goals of public financial disclosure or deny necessary information to those responsible for determining whether a conflict of interest exists, or jeopardize public confidence in that review process.

The proposed amendments reflect the many changes that have occurred over the last 25 years in the manner and nature of investment throughout the American public, the practical necessity of increasing threshold reporting values to match the changed economy, and the experiences of those ethics professionals who have administered this system in identifying areas of overlap and redundancy. The proposed amendments will continue and enhance the goals enunciated at the time the requirements were first instituted: to increase public confidence; to demonstrate the integrity of Government officials; to deter conflicts of interest from arising; to deter persons whose personal finances would not bear up to public scrutiny from entering public service; and to better enable the public to judge an official's performance in light of his or her outside interests.

The Honorable J. Dennis Hastert

This proposal also takes into account concerns regarding certain aspects of the Presidential Appointments Improvement Act of 2002 (S. 1811), such as those expressed by Senator Levin in S. Rep. No. 107-152. As proposed, S. 1811 would have de-coupled Executive branch public financial disclosure requirements from those for officers and employees of the two other branches of Government, and partly for that reason was not enacted by the 107th Congress. However, as drafted, the attached proposed amendments to Title I retain a single, Government-wide system of public financial disclosure, continue the level playing field of the system that has been in place for the past 14 years, and represent a bi-partisan, Government-wide approach to public financial disclosure that preserves the equanimity of the current system.

The Office of Management and Budget advises that, from the standpoint of the Administration's program, there is no objection to the presentation of this draft bill to the Congress. The Administration is currently refining additional proposed legislation that will address and improve other aspects of the Presidential Appointments process. That proposed legislation will be transmitted to you shortly under separate cover.

A similar letter is being sent to the President of the Senate.

Sincerely,

Amy L. Comstock

Dear Mr. President:

The Office of Government Ethics is pleased to submit for introduction and referral to the appropriate committee the enclosed proposal "To amend the Ethics in Government Act of 1978 (5 U.S.C. App.) to modernize the financial disclosure process for Federal personnel, and for other purposes."

This proposal contains language that will streamline and simplify the public financial disclosure requirements applicable to senior officials of all three branches of the Federal Government. A public financial disclosure system for these officials has been in effect for almost 25 years. The proposed amendments reflect the many changes that have occurred over the last 25 years in the manner and nature of investment throughout the American public, the practical necessity of increasing threshold reporting values to match the changed economy, and the experiences of those ethics professionals who have administered this system in identifying areas of overlap and redundancy. This proposal also takes into account concerns regarding certain aspects of the Presidential Appointments Improvement Act of 2002 (S. 1811), such as those expressed by Senator Levin in S. Rep. As proposed, S. 1811 would have de-coupled Executive branch public financial disclosure requirements from those for officers and employees of the two other branches of Government, and partly for that reason was not enacted by the 107th Congress. SECTION-BY-SECTION ANALYSIS

Section 1. Short Title.

This Act may be cited as the "Ethics in Government Act Amendments of 2003."

Section 2. Public Financial Disclosure of Federal Personnel.

Section 2(a). Section 101(f) of the Ethics in Government Act (hereinafter the "Act") describes the officers and employees who must file public financial disclosure reports. Section 2(a) of the proposal clarifies, by reference to the levels of the Postal Career Executive Service rather than to an amount of basic pay, those officers and employees of the United States Postal Service who must file.

Section 2(b)(1)(A)(i). Section 102(a)(1)(A) of the Act prescribes the source, type, and amount of earned income and certain investment income that the individual must report. Section 2(b)(1)(A)(i) of the proposal amends this requirement by eliminating the requirement to report exact amounts of earned income, except honoraria, and by substituting reporting by category of value; by raising the threshold reporting amount from \$200 to "more than \$500;" and by eliminating the confidential reporting requirement for recipients of payments in lieu of honoraria.

Section 2(b)(1)(A)(ii). Section 102(a)(1)(B) of the Act requires the individual to report the source and type of income consisting of dividends, rents, interest, and capital gains that exceed \$200. Section 2(b)(1)(A)(ii) of the proposal permits the individual to report all investment income, regardless of type, by category of amount or value and raises the reporting threshold from \$200 to \$500.

Section 2(b)(1)(A)(iii). Section 2(b)(1)(A)(iii) of the proposal creates a new section 102(a)(1)(C) in the Act that sets forth the categories of amounts or values for reporting earned and investment income. This provision substitutes 3 categories for the current 11 categories used for certain types of investment income found in section 102(a)(1)(B) of the Act.

Section 2(b)(1)(B). Section 102(a)(2)(B) of the Act requires the individual to report the source of travel reimbursements valued at greater than the minimum value established under the Foreign Gifts Act (currently \$285) and to provide a description of the travel (including an itinerary, dates, and nature of expenses provided). Section 2(b)(1)(B) of the proposal eliminates the requirement to report the travel itinerary.

Section 2(b)(1)(C). Section 102(a)(3) of the Act requires the individual to report interests in property held in a trade or business or held for investment or the production of income that has a fair market value in excess of \$1,000, and interests in deposits aggregating \$5,000 or more in a personal savings account. Section 2(b)(1)(C) of the proposal raises the reporting thresholds

(from \$1,000 to \$5,000 for property; from \$5,000 to \$100,000 for deposit accounts) and establishes a reporting exclusion for Government securities aggregating \$100,000 or less. Currently, interests in Government securities are treated like other personal property with a \$1,000 reporting threshold.

Section 2(b)(1)(D). Section 102(a)(4) of the Act sets forth the reporting requirements for liabilities, including revolving charge accounts. Section 2(b)(1)(D) of the proposal raises the reporting threshold from \$10,000 to \$20,000.

Section 2(b)(1)(E). Section 102(a)(5) of the Act sets forth the reporting requirements for real property and securities that were purchased, sold, or exchanged during the preceeding calendar year. Section 2(b)(1)(E) of the proposal increases the reporting threshold from \$1,000 to \$5,000 and eliminates the need to report the transaction if the asset is reported elsewhere as currently held or as a source of investment income.

Section 2(b)(1)(F). Section 102(a)(6)(A) of the Act sets forth the reporting requirements for certain positions (*e.g.*, officer, director, trustee, or partner) held outside the Government by the individual. Section 2(b)(1)(F)(i) of the proposal shortens the reporting period from 2 years plus the current year to 1 year plus the current year.

Section 102(a)(6)(B) of the Act requires a non-elected individual to report sources of compensation for personal services rendered by the reporting individual that are valued in excess of \$5,000 for the 2 calendar years prior to and the calendar year in which the individual files his first report. Section 2(b)(1)(F)(ii) of the proposal raises the reporting threshold from \$5,000 to \$25,000 and shortens the reporting period from 2 years plus the current year to 1 year plus the current year.

Additionally, section 2(b)(1)(F)(iii) of the proposal creates a new provision, section 102(a)(6)(C), which contains the current requirements for reporting such "client" information when the services were provided by any firm or association of which such individual was a member, partner, or employee and which now includes an expanded description of the privileged relationships that will qualify for an exception to this reporting requirement.

Section 2(b)(1)(G). Section 102(a)(7) of the Act requires the individual to report the date of, the parties to, and the terms of any agreement or arrangement for future employment, leaves of absence, continuation of payments by a former employer, and continuing participation in an employee benefits plan maintained by a former employer. Section 2(b)(1)(G) of the proposal eliminates the requirement to report the date of such agreements or arrangements, except the date of a formal agreement for future employment.

Section 2(b)(2). Section 102(b)(1) of the Act provides for reporting periods for the reports filed by candidates, presidential nominees, and other new entrants. Section 2(b)(2) of the

proposal makes certain conforming amendments that arise out of the changes to the shortened reporting periods for positions held and client-type information.

Section 2(b)(3). Section 102(d)(1) of the Act sets forth 11 categories of value for reporting assets, liabilities, transactions, and trusts. Section 2(b)(3)(A) of the proposal sets forth four new categories of value to be used for reporting assets, and section 2(b)(3)(B) of the proposal sets forth three new categories of value to be used for reporting liabilities and trusts.

Section 2(b)(4)(A). Section 102(e)(1)(A) of the Act sets forth the special reporting requirements applicable to the earned income, assets, gifts, and reimbursements of a spouse or dependent child. Section 2(b)(4)(A) of the proposal lowers the threshold amount from \$1,000 to \$500 for reporting earned income, eliminates the requirement that amounts of honoraria earned by a spouse be reported, and clarifies the requirement for reporting investment income of the filer, spouse, and dependent child so that it meets the current practice of requiring consistency.

Section 2(b)(4)(B). Section 102(e)(1)(F) of the Act specifies that reports filed by nominees, candidates, and new entrants need only contain information regarding sources of income, assets, and liabilities of a spouse and dependent child. Section 2(b)(4)(B) of the proposal does not change the requirement but eliminates certain specialized categories of value for that information.

Section 2(b)(5)(A). Section 102(f)(3)(A) sets forth the requirements for a qualified blind trust. Section 2(b)(5)(A) of the proposal does not change this requirement but substitutes the term "affiliated" for "associated" to describe more accurately the relationship that cannot exist between the trustee and the interested party.

Section 2(b)(5)(B). Section 102(f)(4) of the Act sets forth the requirements for a diversified blind trust. Section 2(b)(5)(B) of the proposal does not change current requirements, but adopts the more conventional modifier "widely diversified," as opposed to "well-diversified," when describing the requirements for the trust portfolio.

Section 2(b)(5)(C). Section 102(f)(5) of the Act sets forth the requirements for the public documents that must be filed in relation to a blind trust. Section 2(b)(5)(C) of the proposal expands the requirement such that, at the time of dissolution of the trust, executive branch personnel must also file the list of assets with the designated agency ethics official of the agency in which they serve, as well as with the Office of Government Ethics as the supervising ethics office.

Section 2(b)(5)(D). Section 102(f)(6) of the Act sets forth the restrictions applicable to the trustee and the reporting individual with regard to disclosing and soliciting certain information about a blind trust and sets forth the penalties for violating those restrictions. Section 2(b)(5)(D) of the proposal increases the applicable civil monetary penalties, reflecting

increases made pursuant to the Federal Civil Penalties Inflation Adjustment Act (28 U.S.C. § 2461 note).

Section 2(b)(5)(E). This section sets forth new requirements that must be met in order to not disclose the assets of publicly available investment funds. Proposed section 102(f)(9)(A) applies to new entrants, nominees, and candidates. This provision addresses the reporting requirements for investment vehicles, such as publicly available limited partnerships, where the individual may not have or be able to obtain the information about the underlying holdings necessary to complete a financial disclosure report. To meet the requirements of this provision, the identity of the underlying holdings of the fund is not provided to the individual, the individual cannot exercise control over the financial interests of the fund, and either the fund manager certifies that the individual assets are not disclosed to investors or the individual agrees in writing to divest his interest in the fund. If a fund manager's certificate is relied upon, the individual must attach it to his financial disclosure report. Proposed section 102(f)(9)(B) sets forth the requirements that must be met by annual and termination report filers in order not to disclose the assets of certain investment funds acquired involuntarily during the reporting period and otherwise described by subparagraph (A). This provision complements subparagraph (A) for those individuals who acquire reportable interests in funds through, for example, inheritance or marriage.

Section 2(c). Section 103(h)(1)(A) of the Act specifies with whom the officers and employees of the legislative branch should file their reports. Section 2(c)(1) of the proposal corrects the reference to the Office of Technology Assessment.

Section 2(d)(1). Section 104(a) of the Act provides for civil actions and penalties for knowing and willful falsification and willful failure to file or report information. Section 2(d)(1) of the proposal increases the amount of civil penalties from \$10,000 to \$11,000, reflecting increases made pursuant to the Federal Civil Penalties Inflation Adjustment Act (28 U.S.C. § 2461 note), and permits the court to assess the civil penalty or order the individual to file or report any information required by section 102 of the Act, or both.

Section 2(d)(2). Section 104(d) of the Act provides for a late filing fee of \$200, as well as the authority to waive the fee. Section 2(d)(4) of the proposal increases the fee from \$200 to \$500 and changes the standard for a waiver from "extraordinary circumstances" to "good cause shown." Experience has shown a "good cause" test to be more appropriate to meet the circumstances where a supervising ethics office has felt that the fee should be waived, particularly when the failure to file on a timely basis has not been the fault of the individual.

Section 2(e)(1). Section 105(a) of the Act authorizes agencies to make the reports filed available to the public and to except from public release certain reports filed by individuals engaged in intelligence activities. Section 2(e)(1) of the proposal does not change current requirements but deletes a reference to an independent counsel whose identity has not yet been disclosed. There are no longer any such independent counsels.

Section 2(e)(2). Section 105(c) of the Act sets forth the restrictions on obtaining or using a report for specified purposes and the penalties for such unlawful activities. Section 2(e)(2) of the proposal increases the amount of civil penalties from \$10,000 to \$11,000, reflecting the increases made pursuant to the Federal Civil Penalties Inflation Adjustment Act (28 U.S.C. § 2461 note).

Section 2(f). Section 106(b) of the Act sets forth the procedures for reviewing a report for purposes of certification. Section 2(f) of the proposal does not change the review procedures but clarifies the purpose for which additional information may be requested. Additionally, the provision clarifies the responsibilities of the designated agency ethics official of the U.S. Postal Service when he believes that the Postmaster General or the Deputy Postmaster General has not complied with steps he has required of them to assure compliance with law and regulation.

Section 2(g). Section 108 of the Act provides the Comptroller General with access to any financial disclosure report for the purposes of carrying out his statutory responsibilities. Section 2(g) of the proposal does not change current law with regard to the Comptroller General's access to information but eliminates a current requirement that the Comptroller General conduct regular studies of the financial disclosure system.

Section 2(h). Section 109 of the Act defines the terms used in the Act. Section 2(h) of the proposal clarifies in section 109(6)(G) that items accepted or required to be reported by the individual pursuant to the Foreign Gifts Act are not considered a gift for purposes of a report required by the Act. As well, the provision corrects the name of the Office of Technology Assessment in section 109(11)(H).

Section 2(i). Section 110(a) of the Act sets forth the notification requirements that must be followed by an individual who has agreed to take certain actions in order to avoid conflicts of interest. Section 2(i) of the proposal adds an additional monthly reporting requirement regarding compliance if all terms of the agreement have not been met by the date specified in the agreement or no later than three months following the date of the agreement. The additional reports must be filed until compliance is achieved.

Section 3. Technical and Clerical Amendments.

Section 103 makes technical and clerical amendments throughout title I of the Act.

Section 4. Effective Date.

Section 104 provides for the effective date of the proposal.
